

RAMS Türkiye Introduces Gaziantep's First Business and Lifestyle Center

RAMS Türkiye is bringing the city's first business and lifestyle center with its new project, RAMS City Gaziantep. Set for completion in 2026, the project aims to transform the city's landscape by combining Gaziantep's cultural richness with the needs of modern life.

With 36 years of global experience and over 4 million square meters of completed living space, **RAMS Türkiye** is set to add value to Gaziantep with this new project. Continuing its momentum in Turkey, **RAMS Türkiye** aims to breathe new life into the city's business world and quality of life with "RAMS City Gaziantep."

Located at the heart of Gaziantep's busiest trade routes and close to major transport links, RAMS City Gaziantep aims to boost the business world with its rich experience areas and flexible architectural design. Positioned on a 16,631-square-meter plot, the project is set to become a new attraction center for the city, blending business and social life under one roof. It comprises 254 prestigious offices and an outdoor shopping mall featuring prominent brands. RAMS City Gaziantep also stands out with a 13,216-square-meter landscape area.

Devran Bülbül: "We Aim to Make Gaziantep the Region's New Attraction Center"
The project's press launch was held at RAMS City Gaziantep. RAMS Türkiye Chairman Devran Bülbül commented on their new investment in Gaziantep: "With our RAMS City Gaziantep project, we are not only adding a modern business and lifestyle center to the city, but we are also investing in the future of this historic and dynamic city. Inspired by Gaziantep's cultural heritage, we designed a project that suits the city. Scheduled for completion in 2026, we believe our project will significantly contribute to Gaziantep's economic growth and social fabric. We aim to offer innovative solutions for the business world and make Gaziantep the region's new attraction center. As RAMS, we continue to build the highest standard and most reliable structures. With this project, we are determined to add value to Gaziantep and give new direction to the city's future."

RAMS City Gaziantep Attracts Great Interest Even Before Launch

Devran Bülbül noted that they received over 8,000 pre-orders before the launch period, highlighting the high demand. "We are the most requested project in Gaziantep so far. RAMS City Gaziantep signals that it will change the commercial dynamics of the region and become the new attraction center for investors," he said.

A Strategic Investment Opportunity Shaping the Future

RAMS City Gaziantep introduces a new breath to the city's commercial life with a construction area of 70,740 square meters. The project includes commercial units starting from 55 square meters and modular office spaces ranging from 69 to 770 square meters. The modern and elegant architecture of the project offers flexible and expandable modular design concepts, catering to the needs of various firms and investors. This flexible design allows businesses to maximize efficiency and provides adaptable spaces for companies to take their operations to the next level.
